

The Data Quality Management System: DQMS 3.5 Installation/Upgrade Instructions

1. Open the Installer (Setup.exe) and click the Next button.

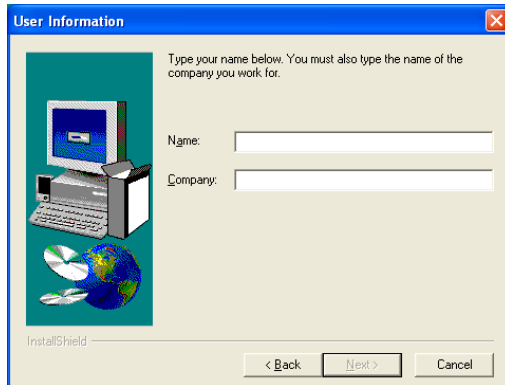

2. Read and accept the license agreement.

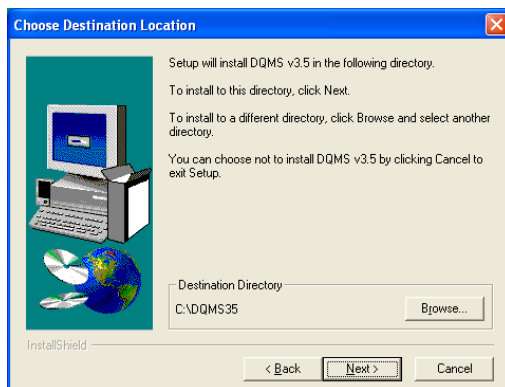

2012-04-04

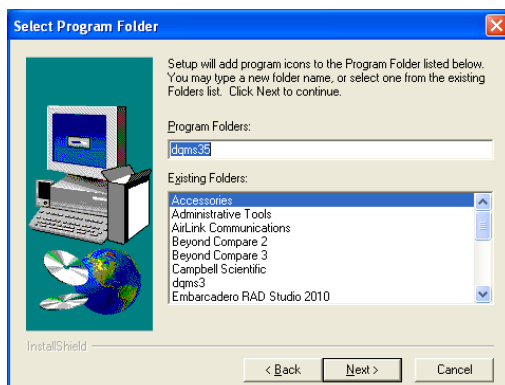

3. Enter your name (required) and company (optional).

4. Choose the installation location. The recommended folder is C:\DQMS35.
Upgrade customers: Choose the original directory for DQMS 3 (C:\DQMS3).

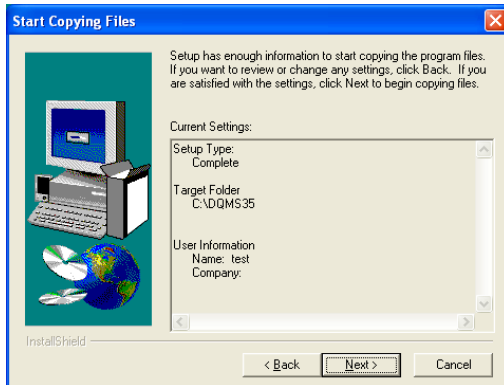

5. Name the program folder.

2012-04-04

6. Review the settings.

7. When Setup has finished, click Finish to close the installer.
